

Cippenham Nursery School are pleased to announce that we have successfully gained our Eco Schools Green award with distinctions.

Thank you for all your support!

"We like that your nursery has a rising approach to work on things that will produce visible impact and change".

We hope your children have enjoyed harvesting our crops of pot tomatoes, peas and beans. Thank you for sharing your pictures on how well your sunflowers are growing taller. When they have flowered, you could gather the seeds and bring them back to Nursery for our new children to grow sunflowers next year, continuing the circle of life.

During the holidays you can become involved in The National Love Your Park Week celebration which runs from 28th July to 6th August. [Love Parks Week](#) | [Keep Britain Tidy](#)

There are some lovely ideas to help the environment [Actions](#) | [The Wildlife Trusts](#)

Please keep up your hard work as Eco warriors by battery recycling, the bin to recycle can be found in the Nursery office.

Keep saving the planet.
